14TH NATIONAL ANNUAL CONFERENCE OF WOMEN IN CARDIOLOGY AND RELATED SCIENCES(WINCARS)

WCC 2022
WOMEN CARDIAC CARE

06-10 MARCH 2022

Dear Friends and Colleagues,
Greeting from WCC - 2022.

It is with immense pleasure indeed that we welcome you all to "Women Cardiac Care 2022", one of the biggest scientific conclaves by the Lady Cardiologists, Physicians of India. It will be 5-day academic extravaganza from "March 6th – March 10th" on virtual platform and it will comprehensively cover all the facets of cardiology and related sciences. Though virtual conference may lack the charm of physical gathering but we will try our best to create an interactive digital platform where all attendees can interact with stalwarts from all across the globe. The WCC 2022 will be a huge congregation of both National and International Cardiologists and clinicians from diverse specialities. Also, the scientific program has been especially designed to reflect the current advances in the field of coronary and structural heart diseases, paediatric cardiology, clinical cardiology and allied sciences. This year's highlights are Live cases (both national and international), Live in Box, Challenging Case presentations- interventional and clinical, pediatric cardiology, extensive cardiology sessions with allied sciences (Obs-gyn, Neurology, Nephrology, Oncology, Rheumatology). Prof. Vijay Bang, an expert and leader in interventional cardiology will deliver the very prestigious "PADMAVATI ORATION" on the topic- "Coronary Microvascular Dysfunction: The New Frontier Of Ischemic Heart Disease."

In addition, WCC 2022 will provide an opportunity to young cardiologist and researchers to showcase their research talent and the best presenters will be honoured with "SERVIER RESEARCH AWARD".

To achieve this endeavour, we solicit your gracious presence and active participation. Looking forward to seeing you virtually soon...

With warm regards,

Organising Team WCC – 2022.
